# LETTER FROM THE BOARD

Dear Encinitas Union School District Community,

We are delighted to share exciting news about the future of education in our district. As part of our commitment to continuous improvement and ensuring a dynamic learning environment, we have developed a new strategic plan that will guide our efforts over the next several years. This comprehensive plan reflects our dedication to providing a world-class education that prepares our students for success in an ever-evolving global landscape.

Our strategic plan is built upon the core values and aspirations of our community and was developed by incorporating input from a diverse range of partners, including parents, educators, students, and community members. We believe that by working collaboratively, we can create an educational experience that truly meets the needs of our students and empowers them to excel in all aspects of their lives.

Key components of our new strategic plan include:

- **Vision Statement:** A succinct statement outlining our shared vision for the future of education in our district.
- **Learner Profile:** Clearly defined goals and competencies we expect for all learners in EUSD.
- **Core Values:** A set of principles that underpin our actions, fostering a positive and inclusive school culture.
- **Strategic Goals:** Specific and measurable objectives that will drive our district's progress over the coming years.
- **Action Plans:** Detailed initiatives and projects designed to achieve our strategic goals.

One of the highlights of our strategic plan is the introduction of a Learner Profile. This profile outlines the attributes and skills we aim to develop in our students to ensure they are well-equipped for success in an increasingly complex and interconnected world. The Learner Profile is a comprehensive framework that goes beyond academic achievements, emphasizing competencies such as empowered learner, global citizen, innovative thinker, wellness advocate, skilled communicator, and confident collaborator.

We are excited about the positive impact our new strategic plan will have on the educational experience of every student in our district. Together, we can create a future where we ignite the limitless potential of all learners.

Thank you for your ongoing support as we embark on this exciting journey of educational transformation.

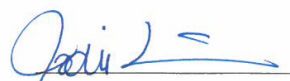

Sincerely,  
The EUSD Board of Trustees

# TIMELINE

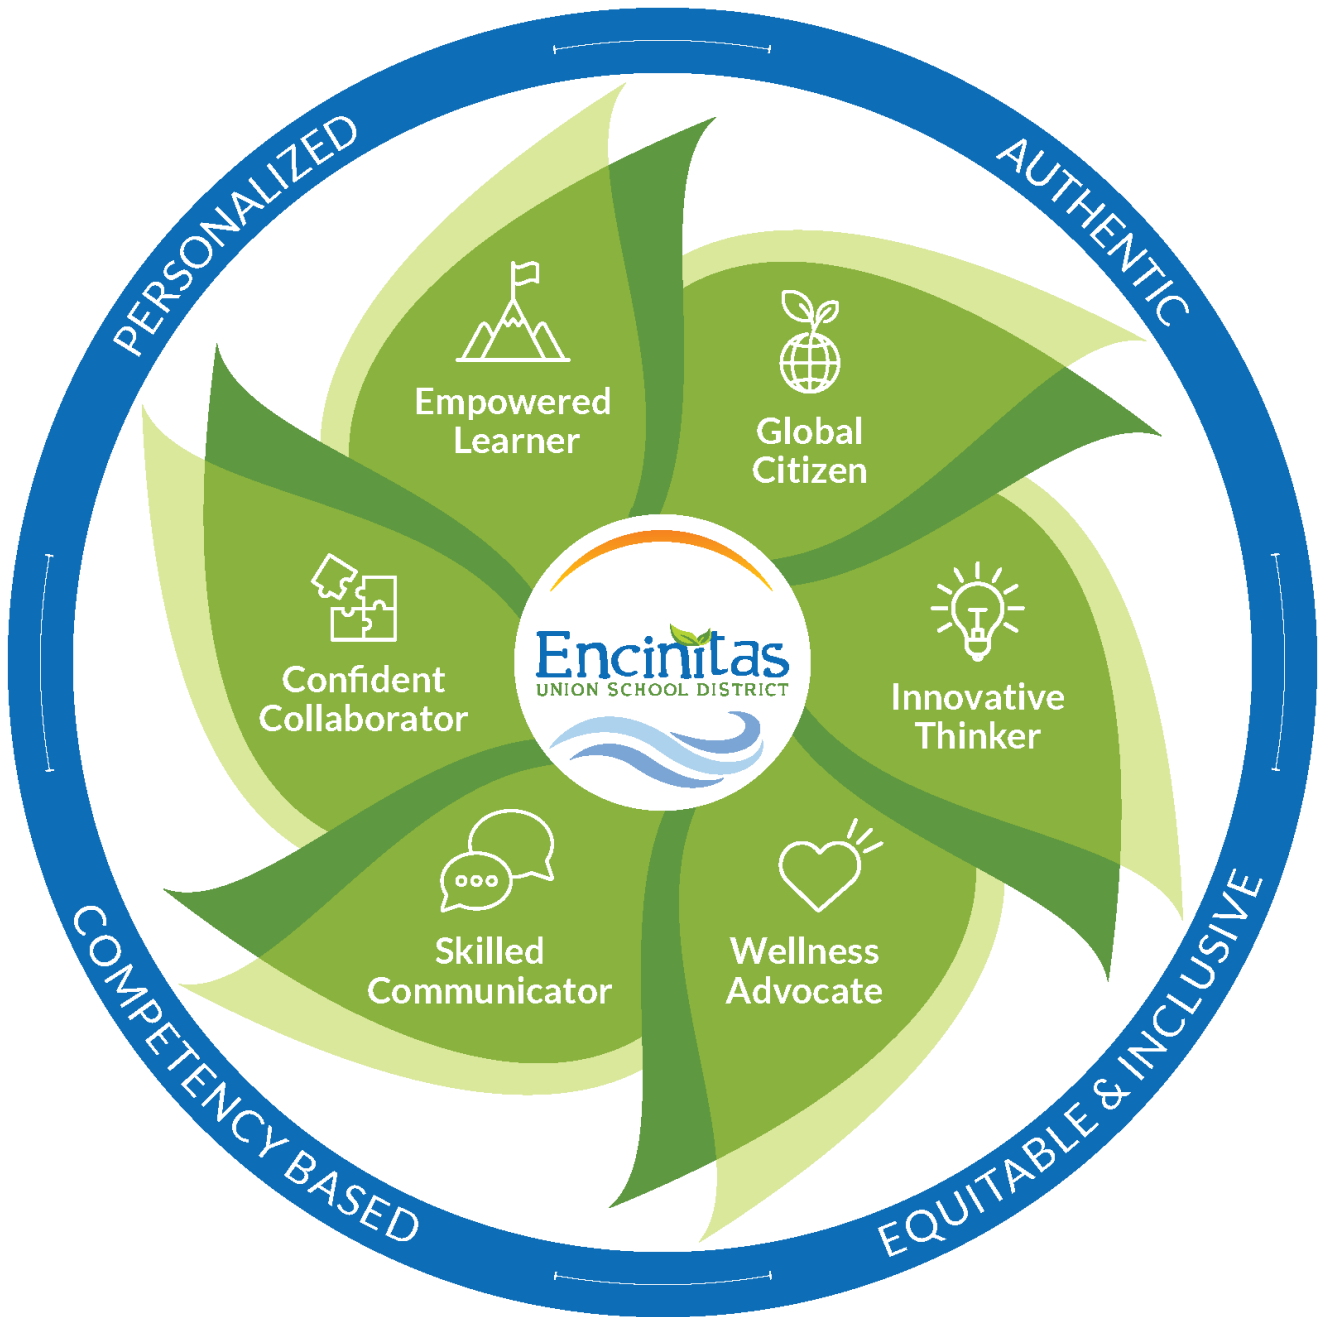

## EUSD Framework for the Future Creation

In the Spring of 2023, a Guiding Coalition comprised of teachers, leaders, and parents convened to begin defining what’s possible for EUSD students, families, staff and community. The Guiding Coalition engaged the entire EUSD community throughout the process. We are excited to share the results of this year-long project that clearly defines our community’s collective aspirations. The EUSD Framework for the Future, combined with the “big moves” contained in our strategic plan, cast a clear vision and roadmap to unlock the limitless potential of every child.
